

Push Lock Fittings for Nylon Tube

Used with high pressure nylon tube, our Push Lock fittings are made in Italy and extremely easy and quick to use with no special tools required. Simply cut the tube with a set of tube cutters—never use a hacksaw—and push onto the tube.

A set of jaws lock onto the tube when it has been inserted correctly and will not allow it pull out. The tube can be removed, if required, by following a simple procedure.

OZmist stock a complete range of the “Push Fit” fittings in 1/4”, 3/8” and 1/2” sizes.

Push Lock Components

1/4" PUSH LOCK

3.4.001 Push Lock IT 1/4" Nozzle Union*	3.4.002 Push Lock IT 1/4" Elbow	3.4.003 Push Lock IT 1/4" Line End Single	3.4.004 Push Lock IT 1/4" Tee	3.4.005 Push Lock IT 1/4" Joiner*	3.4.006 Push Lock IT 1/4" MI x 3/8" Tube

1/2" PUSH LOCK

3.6.001 Push Lock IT 1/2" MI x 1/2" Tube	3.6.002 Push Lock IT 1/2" Elbow	3.6.003 Push Lock IT 1/2" Tee	3.6.004 Push Lock IT 1/2" x 3/8" Reducer

3/8" PUSH LOCK

3.5.001 Push Lock IT 3/8" Nozzle Union*	3.5.002 Push Lock IT 3/8" Elbow	3.5.004 Push Lock IT 3/8" Tee	3.5.005 Push Lock IT 3/8" Line End Single Nozzle*	3.5.006 Push Lock IT 3/8"x1/4" Reducer	3.5.007 Push Lock IT 3/8" Line End

* Nozzle Unions are not supplied with Nozzle included, Nozzles must be ordered separately.
