

Industrial Fan Kits

650mm Fan Kits

Indoor facilities face some of their greatest challenges when it comes to addressing excessive heat issues. With all that radiant heat, equipment and large space, fans alone just circulate hot air. To cool effectively and not cause issues, high pressure atomised mist and air movement is essential, and OZmist systems work incredibly well in these environments!

Retro fitting misting rings in front of a fan is the process to cool these spaces. For creating the mist, we supply the pumps, delivery lines, hardware, components, misting rings and nozzles. Systems can be automated with timers etc.

Note: We don't supply the industrial fans themselves in these kits, as they can be easily sourced locally and more cost effectively locally than sending from our factory.

INDUSTRIAL FAN KITS

6.1.003
Misting Ring Kit
350mm x 6 Nozzle.

Please note: Industrial Fan Kits do not include wall mounted industrial fans. We supply the misting rings, high pressure pump, delivery lines, all components and hardware to retro fit to the front of any wall mounted industrial fan. Suitable for wall mounted fans from 600mm to 750mm in diameter.

650mm Fan Based Kits

1 X 650MM FAN BASED KIT - 8.2.005

QTY	Product Code	1 x 650mm Fan Based Kit - 8.2.005
1	1.3.001	Pump Module CPM25 Commercial
1	6.1.003	Misting Ring Kit 350mm x 6 Nozzle. Connection Hose, Ball Valve, 1/4" Hex Nipple.
1	4.1.001	Tube 3/8" Nylon Tube 25m Roll
2	3.5.003	Push Lock IT 1/4" MI x 3/8" Tube
1	3.5.002	Push Lock IT 3/8" Elbow
0	3.5.004	Push Lock 3/8" Tube Tee
20	5.6.001	Saddle 3/8" Nylon Insert

2 X 650MM FAN BASED KIT - 8.2.006

QTY	Product Code	2 x 650mm Fan Based Kit - 8.2.006
1	1.3.001	Pump Module CPM25 Commercial
2	6.1.003	Misting Ring Kit 350mm x 6 Nozzle. Connection Hose, Ball Valve, 1/4" Hex Nipple.
2	4.1.001	Nylon Tube 3/8" Semi Rigid 2mm Wall Thickness 25m Roll
3	3.5.003	Push Lock IT 1/4" MI x 3/8" Tube
2	3.5.002	Push Lock IT 3/8" Elbow
1	3.5.004	Push Lock 3/8" Tube Tee
30	5.6.001	Saddle 3/8" Nylon Insert

3 X 650MM FAN BASED KIT - 8.2.007

QTY	Product Code	3 x 650mm Fan Based Kit - 8.2.007
1	1.3.001	Pump Module CPM25 Commercial
3	6.1.003	Misting Ring Kit 350mm x 6 Nozzle Connection Hose, Ball Valve, 1/4" Hex Nipple.
2	4.1.001	Nylon Tube 3/8" Semi Rigid 2mm wall thickness 25m Roll
4	3.5.003	Push Lock IT 1/4" MI x 3/8" Tube
3	3.5.002	Push Lock IT 3/8" Elbow
3	3.5.004	Push Lock 3/8" Tube Tee
40	5.6.001	Saddle 3/8" Nylon Insert

Please note: Industrial Fan Kits do not include wall mounted industrial fans. We supply the misting rings, high pressure pump, delivery lines, all components and hardware to retro fit to the front of any wall mounted industrial fan. Suitable for wall mounted fans from 600mm to 750mm in diameter.

650mm Fan Based Kits

4 X 650MM FAN BASED KIT - 8.2.008

QTY	Product Code	4 x 650mm Fan Based Kit - 8.2.008
1	1.3.001	Pump Module CPM25 Commercial
4	6.1.003	Misting Ring Kit 350mm x 6 Nozzle Connection Hose, Ball Valve, 1/4" Hex Nipple.
2	4.1.001	Tube 3/8" Nylon Tube 25m Roll
5	3.5.003	Push Lock IT 1/4" MI x 3/8" Tube
3	3.5.002	Push Lock IT 3/8" Elbow
4	3.5.004	Push Lock 3/8" Tube Tee
45	5.6.001	Saddle 3/8" Nylon Insert

5 X 650MM FAN BASED KIT - 8.2.009

QTY	Product Code	5 x 650mm Fan Based Kit - 8.2.009
1	1.3.002	Pump Module CPM55 Commercial
5	6.1.003	Misting Ring Kit 350mm x 6 Nozzle. Connection Hose, Ball Valve, 1/4" Hex Nipple.
3	4.1.001	Nylon Tube 3/8" Semi Rigid 2mm Wall Thickness 25m Roll
6	3.5.003	Push Lock IT 1/4" MI x 3/8" Tube
4	3.5.002	Push Lock IT 3/8" Elbow
5	3.5.004	Push Lock 3/8" Tube Tee
60	5.6.001	Saddle 3/8" Nylon Insert

6 X 650MM FAN BASED KIT - 8.2.0010

QTY	Product Code	6 x 650mm Fan Based Kit - 8.2.0010
1	1.3.002	Pump Module CPM55 Commercial
6	6.1.003	Misting Ring Kit 350mm x 6 Nozzle Connection Hose, Ball Valve, 1/4" Hex Nipple.
3	4.1.001	Nylon Tube 3/8" Semi Rigid 2mm wall thickness 25m Roll
7	3.5.003	Push Lock IT 1/4" MI x 3/8" Tube
6	3.5.002	Push Lock IT 3/8" Elbow
6	3.5.004	Push Lock 3/8" Tube Tee
70	5.6.001	Saddle 3/8" Nylon Insert

Please note: Industrial Fan Kits do not include wall mounted industrial fans. We supply the misting rings, high pressure pump, delivery lines, all components and hardware to retro fit to the front of any wall mounted industrial fan. Suitable for wall mounted fans from 600mm to 750mm in diameter.

650mm Fan Based Kits

7 X 650MM FAN BASED KIT - 8.2.0011

QTY	Product Code	7 x 650mm Fan Based Kit - 8.2.0011
1	1.3.002	Pump Module CPM55 Commercial
7	6.1.003	Misting Ring Kit 350mm x 6 Nozzle Connection Hose, Ball Valve, 1/4" Hex Nipple.
4	4.1.001	Tube 3/8" Nylon Tube 25m Roll
8	3.5.003	Push Lock IT 1/4" MI x 3/8" Tube
6	3.5.002	Push Lock IT 3/8" Elbow
7	3.5.004	Push Lock 3/8" Tube Tee
80	5.6.001	Saddle 3/8" Nylon Insert

8 X 650MM FAN BASED KIT - 8.2.0012

QTY	Product Code	8 x 650mm Fan Based Kit - 8.2.0012
1	1.3.002	Pump Module CPM55 Commercial
8	6.1.003	Misting Ring Kit 350mm x 6 Nozzle. Connection Hose, Ball Valve, 1/4" Hex Nipple.
4	4.1.001	Nylon Tube 3/8" Semi Rigid 2mm Wall Thickness 25m Roll
9	3.5.003	Push Lock IT 1/4" MI x 3/8" Tube
6	3.5.002	Push Lock IT 3/8" Elbow
8	3.5.004	Push Lock 3/8" Tube Tee
80	5.6.001	Saddle 3/8" Nylon Insert

9 X 650MM FAN BASED KIT - 8.2.0013

QTY	Product Code	9 x 650mm Fan Based Kit - 8.2.0013
1	1.3.002	Pump Module CPM55 Commercial
9	6.1.003	Misting Ring Kit 350mm x 6 Nozzle Connection Hose, Ball Valve, 1/4" Hex Nipple.
5	4.1.001	Nylon Tube 3/8" Semi Rigid 2mm wall thickness 25m Roll
10	3.5.003	Push Lock IT 1/4" MI x 3/8" Tube
6	3.5.002	Push Lock IT 3/8" Elbow
10	3.5.004	Push Lock 3/8" Tube Tee
100	5.6.001	Saddle 3/8" Nylon Insert

Please note: Industrial Fan Kits do not include wall mounted industrial fans. We supply the misting rings, high pressure pump, delivery lines, all components and hardware to retro fit to the front of any wall mounted industrial fan. Suitable for wall mounted fans from 600mm to 750mm in diameter.
